

CONFIRMATION OF PROVIDING PRESSURE EQUIPMENT DIRECTIVE (PED) INSPECTION SERVICES

TO WHOM IT MAY CONCERN

We are pleased to confirm that CHEMTED LLC has contracted with Bureau Veritas Inspection and Insurance Company to provide Pressure Equipment Directive (PED) Inspection per the Scope of Work below.

SCOPE OF WORK

Inspection Requirements (including Specifications, Codes and Standards)

To perform Conformity Assessment Services according to Pressure Equipment Directive (PED) (2014/68/EU) through the Notified Body Notification No. 0062.

The performance of such notified Certification Services shall be carried out based upon the information provided on the Directive Application Forms and according to the applicable PED Service Description Sheets.

For each PED Order in the future, you shall complete, and return to Bureau Veritas, the Directive Application Forms duly completed with equipment description information and conformity assessment modules applicable for the equipment.

Besides Notified Body PED services, we may also provide the following services:

- Gap analysis or pre-audit for quality modules;
- Training on PED awareness;
- Witnessing/qualification for WPS/PQR/WPQ/WPOQ's required qualification as Notified Body;
- Witnessing material testing for 3.2 certification;
- Approval as Notified Body of operating procedure and personnel for permanent joining.

PED Notified Body services are performed under the Cofrac Accreditation reference 3-1352.
